INFLOOR-GIRLOON Teppichboden

ARBEITSWELTEN

INFLOOR-GIRLOON Teppichboden ist die kreative und funktionale Lösung für den Boden, mit der Sie auch in modernen Raumkonzepten, durch die hervorragenden akustischen Eigenschaften, eine angenehme und kreative Arbeitswelt schaffen.

UMWELT

Durch die permanente Investition in modernste Herstellungstechniken und innovative Produkte, tragen wir - das Unternehmen INFLOOR-GIRLOON - Sorge dafür, dass unsere Umwelt geschont wird.

Alle Artikel aus unserem Hause erfüllen daher die strengen Anforderungen des Umweltzeichens **Blauer Engel** - schützt Mensch und Umwelt.

DGNB MITGLIEDSCHAFT

All unsere Produkte entsprechen den hohen Anforderungen des **DGNB** (Deutsche Gesellschaft für Nachhaltiges Bauen).

INNOVATIV

Das einzigartige Bodenbelagssystem **liftBAC®**, mit seinen selbsthaftenden Teppichmodulen, bietet unendliche Vorteile:

- Einfache und schnelle Verlegung
- Vorhandene Nutzböden bleiben erhalten
- Einzelne Module können problemlos ausgetauscht werden
- Austausch ohne Geruchs- und Geräuschbelästigung / keine Leerstände der Zimmer
- Individuelle Bodengestaltung durch Kombination unterschiedlicher Farben und Strukturen
- Hervorragende Akustikwerte durch den Einsatz eines Komfortrückens
- Sofort begehbar
- Kaum Verschnitt

WORKING SURROUNDINGS

INFLOOR-GIRLOON carpet is the creative and functional solution for the floor, enabling you to prepare a pleasant and productive working surrounding, even in modern room concepts, thanks to the excellent acoustic properties.

ENVIRONMENT

Through permanent investments in the most modern manufacturing techniques and innovative products, we - the company INFLOOR-GIRLOON - make sure that our environment will be spared.

All of our products therefore meet the strict requirements of the ECO-label **Blue Angel** - protects people and the environment.

DGNB MEMBERSHIP

All of our products meet the high requirements of the **DGNB** (German Sustainable Building Council).

INNOVATIVE

The unique flooring system **liftBAC®**, with its self-sticking carpet modules, offers infinite benefits:

- Easy and quick installation
- Usable on existing floors
- Individual modules can be replaced easily
- Exchange without odor and noise nuisance / no vacancies in the room
- Individual floor design by combining different colors and structures
- Excellent acoustics due to comfort back
- Can be walked on immediately
- Hardly any waste
